PROFESSIONAL SUMMARY

Performance-driven Full-Stack Software Engineer specializing in architecting secure, high-efficiency management systems. Expert in PHP and MySQL with expanding expertise in the modern Node.js ecosystem. Proven track record of delivering end-to-end digital solutions, from relational database optimization to responsive frontend user experiences for global remote organizations.

TECHNICAL SKILLS

Languages: PHP (Core/Advanced), JavaScript (ES6+), SQL, HTML5, CSS3

Frameworks/Libraries: Node.js, Express.js, Bootstrap 5, Tailwind CSS

Databases: MySQL (Relational Schema Design), MongoDB

Tools & Infrastructure: Git/GitHub, cPanel, FTP/SFTP, Graphics Design (Visual Identity & Branding)

Core Competencies: User Authentication, Session Security, CRUD Operations, Responsive Web Design

SELECTED SOFTWARE PROJECTS

School Management System (Full-Stack)

PHP, MySQL, Bootstrap 5 | [View on GitHub](#)

- Architected a multi-user portal centralizing academic tracking, teacher recruitment, and real-time messaging.
- Engineered secure authentication protocols and administrative dashboards to protect sensitive data.
- Designed a mobile-first UI achieving 100% responsiveness across diverse device types.

Hostel Allocation Platform (Backend/Logistics)

PHP, MySQL | [View on GitHub](#)

- Developed an automated logistics engine for real-time student housing and bed-space allocation.
- Optimized relational database schemas to track inventory and occupancy status instantly.
- Integrated a digital workflow that eliminated 100% of manual paperwork for administrators.

EXPERIENCE & ENTREPRENEURSHIP

Founder & Lead Developer | SAVAL-TECH

2024 – Present

- Operate as a technical consultant delivering custom web applications and visual branding for local clients.
- Manage the full Software Development Lifecycle (SDLC), ensuring seamless deployment on live servers.

Freelance Graphics Designer

2023 – Present

- Create professional visual identities and digital marketing assets for 10+ independent projects.
- Leverage design principles to enhance the UI/UX flow and user retention of web applications.

EDUCATION

B.Eng. in Software Engineering (In Progress)

- Relevant Coursework: Data Structures & Algorithms, Database Management Systems, Web Architecture.

LANGUAGES

- **English:** Professional Working Proficiency (Capable of full professional collaboration).
